

SCREEN MACHINE INDUSTRIES™ SPYDER 514TS3 TRIPLE SCREEN

TRIPLE SCREENING = MORE VERSATILITY!

Taking efficiency and productivity to a new level, the Spyder 514TS3 Triple Deck Screen can deliver four finished products simultaneously - fines, small mids, large mids and overs.

The 514TS3 is an optional version of our 514TS. The 5'x14' (1.5m x 4.3m) triple-deck has been designed for maximum output and minimal downtime. It can be used as a stand-alone screen or in tandem with a crusher.
